YIDDISH BOOKS

REPRINTS FROM THE
STEVEN SPIELBERG DIGITAL YIDDISH LIBRARY
AT THE
NATIONAL YIDDISH BOOK CENTER

THIS CATALOG OFFERS ON-DEMAND REPRINTS of more than 10,000 out-of-print Yiddish titles, representing most major works of modern Yiddish literature. Our current listings – including newly scanned titles – may be searched by author, title, subject or keyword at www.yiddishbooks.org.

Modern Yiddish Literature

Yiddish was the spoken language of roughly three-quarters of the world's Jews for the past thousand years. In the late nineteenth and twentieth centuries, it gave rise to a remarkable modern literature. Today, Yiddish books are considered essential for serious research in European and American Jewish history, sociology, ethnography, folklore, linguistics, literary criticism, Hasidism, Zionism, Holocaust studies, and related fields.

The Steven Spielberg Digital Yiddish Library

Because Yiddish is an overwhelmingly “acidic” literature, even relatively recent artifactual editions are often yellow or brittle, making them unsuitable for library use. In response, the non-profit National Yiddish Book Center launched the Steven Spielberg Digital Yiddish Library: a pioneering, \$3.5-million effort to digitize most Yiddish titles and make high-quality reprints available on demand.

High-Quality, Clothbound Editions

Our reprints are complete, unabridged, clothbound facsimile editions, featuring sharp (600 dpi) black text on white, acid-free paper. They are generally more readable than the original, since contrast is higher and most extraneous dots, smudges and other irregularities have been electronically removed. Our clothbound books are designed to suit the rigors of library use. The paper used meets the requirements of the ANSI/NISO Z39.48-1992 (R2002) Permanence of Paper standard, and the case bindings comply with all the requirements of the ANSI/NISO/LBI Z39.78-2000 Library Binding standard.

Romanization

We add a romanized cover and series title page to each reprint to facilitate processing by those unfamiliar with the Yiddish (Hebrew) alphabet.

Cataloging

Every title we sell has been fully cataloged in MARC format, in both the vernacular and LC romanization, in accordance with AACR2. They may be downloaded free of charge from our website to local catalogs. Most are also available on RLIN.

Current Acquisitions

Since our reprints constitute new bibliographic entities (each with its own ISBN), libraries may purchase them as current acquisitions. Artifactual copies of many titles are also available; please see our "Ordering Information" for details.

Bibliographic and Technical Support

Zachary Baker, Judaica/Hebraica Curator at Stanford University, has compiled a bibliography of approximately 1,000 Yiddish titles that every major library should have. We can provide copies of this bibliography free of charge. We are also able to provide free bibliographic and technical support. For additional information, please contact our Yiddish Book Department at (413) 256-4900 x196, or by e-mail at orders@bikher.org.

TO ORDER

On-Demand Reprints

All books in this catalog have been digitally scanned and are available as new, high-quality reprints, printed on acid-free paper and bound in hardcover library bindings. Every reprint listed in this catalog is the same price: \$48 per volume, regardless of the size or scarcity of the original. (Reprints are available for \$36 per volume for current members of the National Yiddish Book Center; however, membership is not available to libraries or other institutions.)

Used Books

Many of the titles listed in this catalog are also available as used, artifactual books for \$16 per volume (or \$12 per volume for current members). Most of our artifactual books are shelf-worn but sound and complete; sometimes the paper is yellow or brittle. Although not always suitable for the rigors of library use, used books offer an excellent value for students, scholars and individual collectors. To check the availability of a particular used title or titles, please contact us by e-mail at orders@bikher.org, or by phone at (413) 256-4900 x196.

Prices

Prices in this catalog are guaranteed through November 2004, after which time they are subject to change.
